

COMPACT FLUORESCENT RECYCLING CONTAINER

WWW.LAMPRECYCLING.COM

Container Loading Instructions:

1. Remove the plastic container from the box. **SAVE THE BOX** and container lid for return shipment. FedEx will not accept the container by itself.
2. Place the plastic liner (included) into the EasyPak container.
3. Write the "Accumulation Start Date" in the box above with permanent marker (date when the first battery is placed in the bucket). Ship the container within one year from the start date to comply with regulations.
3. Carefully fill the plastic container with spent compact fluorescent lamps. We will also accept circular, small HID, and incandescent lamps.
4. When the container is filled, seal the plastic liner with the provided cable tie (inside plastic envelope).
5. Replace the lid on the plastic container and seal tightly. Place the container back in the box it came in.

Shipping Instructions:

1. Remove the red FedEx label in the envelope and attach it to the outside of the shipping box.
2. Make sure box is sealed on all open edges with 2" packaging tape, and any holes or tears are covered.
3. EasyPak™ containers can be picked up with your regular, daily pickups or to arrange for a pickup, call 888.640.6700 or log on to lamprecycling.com/pickup.
4. Remove and save the Shipper Receipt (located at the upper left corner of label) for you reference. The receipt number will be referenced on your documents of recycling.
5. To access your Certificate of Recycling or place another order, visit www.LampRecycling.com.
